**INTEROFFICE MEMORANDUM**

---

---

**TO:** ALL MICROVOTE CUSTOMERS  
**FROM:** MICROVOTE GENERAL CORPORATION  
**SUBJECT:** USED INFINITY VOTING MACHINES  
**DATE:** 4/11/2005

---

**BUYING USED INFINITY VOTING MACHINES**

The state of South Carolina has recently acquired a statewide voting system. The counties that have purchased MicroVote equipment over the passed several years are now trying to sell their used equipment. We would encourage you to **not** buy this used equipment for the following reasons:

- **No Warranty** – The state of SC cannot sell this equipment with a warranty and MicroVote will not warranty these products unless they are thoroughly inspected by our trained technicians.
- **Inspection / Upgrade** – In order for these machines to be used in an election they will need to be inspected and the firmware upgraded by a MicroVote employee. The cost for this is \$2000 per voting machine plus the cost of parts. You would receive a limited warranty with this procedure.
- **Shipping / Handling** - If you purchase equipment from SC you will be responsible for shipping and handling and or transportations costs to get the equipment to your location.
- **No Technical Support** – MicroVote will not provide any technical support for machines not purchased from us, unless they have been through our Inspection / Upgrade process.

If you have any questions about this memo or have further questions about the purchasing of used equipment, please feel free to give us a call @ 800-257-4901!
